**REMINDER - CALL BEFORE YOU DIG 3:00 PM**

Directors:

Howard Gonser, President  
Clay Smith, Director

Roger Howe, Treasurer  
Connie Karp, Secretary  
Dan Williams, Vice President

Please CALL 811 Before You Dig! *'Know what's below'*

Over the weekend one of our customers nearly experienced a tragedy. They were enjoying this beautiful Spring weather and catching up on a home improvement project when they contacted an underground electrical conductor. Fortunately, everything turned out ok but it could have been much worse. Just as a reminder, always call 811 before your project!

Northern Wasco Co PUD participates in the One-Call 811 Program. We will always respond and mark our utilities within the allotted time.

The purpose of the *Oregon Utility Notification Center* and *Call Before You Dig Rules* is to prevent injuries and damages.

For specific questions on these rules, please follow the link provided for the Oregon Utility Notification Center [Standards Manual](#) or the website [digsafelyoregon](#). Please call 811 for your locate request.
