Address: _____ Work Phone: _____

City/State: _____ Comments: _____

I understand that NWCPUD is implementing an Energy Conservation Program including rebates. I hereby apply for such services and financial assistance as may be available under this program.

*The information collected from the audit of my residence, along with information collected from other residential consumers participating in the program and technical data about energy use and efficiency, will be used to assist in evaluating the conservation program. I understand my individual information will be kept private and confidential, and will only be used to compile statistical data. **All premises that request and/or receive energy conservation rebates may be audited and inspected by NWCPUD staff and BPA auditors.***

I further acknowledge that NWCPUD's obligations are limited to the financial assistance for work performed and materials supplied that are determined to be eligible for rebates pursuant to NWCPUD's Energy Conservation Program. I acknowledge that NWCPUD is not warranting any of the work or materials, and that NWCPUD is not liable for any claims by other parties that provide services associated with the work; or claims by me for the work performed and materials supplied by others pursuant to this application.
